

High School Program

11 Days in Costa Rica

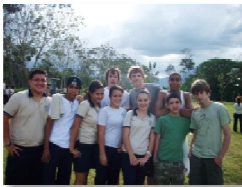

Description of activities

Proyecto Asis Wildlife Rescue Center

Help take care of the wild animals by feeding them, assisting in cleaning, repairing or building their enclosures.

Proyecto Asis has become a haven for wild rescued animals unable to release back into the wild.

Agropecuario High School

A wonderful experience that will allow you to experiment the life in a Costa Rica high school.

We know you all are creative boys and girls! Prepare a group show: a power point presentation about your high school, state, country.

Sea Turtle Project

You will have the opportunity to learn about the ecology and conservation of sea turtles, in order to help these animals which come to nest by the seashore.

Awesome! This project will be in a place ranked as the 4th place in turtle nesting around the world.

Host Family

Staying with a host family is a wonderful cultural and educational experience. Get involved into the family culture and traditions.

Live a natural home setting with the hospitality for which Costa Ricans are famous.

Sports activities

Enjoying time of the sports and championships activities. There are soccer, basketball, volleyball and more!

Join some of the groups and enjoy practicing your favorite sport.

Full day of adventure

Start counting the minutes to enjoy of the pure adrenaline activities! See the rainforest from a new perspective in **Canopy**, walk through a private reserve at the base of Central America's most active volcano hiking on the **Arenal Volcano National Park**, and be able to relax and enjoy the local **Hot Springs** and the magnificent view of the volcano.
